ONLINE LEARNING

With the move to schools delivering online learning given the state wide lock down, yesterday information was sent home to parents about the school's online learning programs along with some wellbeing resources - these were sent out to parent's email addresses and also via our Konnective App. These are our two main points of parent contact, especially in regards to COVID information which may have to be acted upon quickly. If you haven't received this information, please contact the school to update your contact details with us and also download the Konnective App – you will need to contact the school once this is done so we can give permission for you to join our school group on this app. Online lessons have started and gone well today with the vast majority of students logging into their learning programs. Please contact the school if you or your child is having any difficulties with this.

PARENT & COMMUNITY ACCESS TO THE SCHOOL
